

SimpliGO Disaster Preparedness Planner DPP

The area you live in may be susceptible to a variety of emergencies both natural and man made. Not only should we all be prepared and ready for these emergencies, but we should also know what to do before, during, and after an incident occurs. It is extremely important to also be aware of emergency plans that may already exist in your school, work, house of worship, or wherever you may be. The PHP Transport's technology group has created an easily-adaptable Disaster Preparedness Planning (DDP) mobile device app that will help you stay informed, have a plan, and get involved.

User centric localized alerts

SimpliGO DPP delivers user-localized alerts that are tailored to your exact location and role. Whether you're at home, work, or traveling, the app provides real-time notifications from trusted sources like FEMA, NOAA, and local agencies—keeping you informed of nearby threats, weather events, and safety updates. These targeted alerts ensure you receive only the most relevant, timely information to take action and stay safe.

here are no alerts for Grand Prairie, TX at this time.

RSS communication

The RSS Event Feeds in SimpliGO DPP deliver continuously updated news and alerts from trusted sources like FEMA, NOAA, and local agencies. These feeds keep users informed with the latest developments related to natural disasters, public safety, and emergency guidance—streamlining situational awareness directly within the app.

Add emergency contact directory page

Creating and managing your emergency contacts is a vital step in staying connected during a crisis. With SimpliGO DPP, adding a contact is simple yet powerful. Users can enter detailed information—such as name, role, location, and preferred communication method—for each trusted contact. Once a contact is validated, they are automatically integrated into the platform's secure communication modules.

Chat messaging communication

The Chat/Messaging feature in SimpliGO DPP offers secure, real-time text communication that complements the platform's Push-to-Talk and Audio/ Video tools. Whether coordinating quietly during an event, sharing quick updates, or exchanging critical information with your emergency contacts, chat provides a reliable and accessible way to stay connected. It's ideal for group coordination, silent communication in noisy environments, or keeping a written thread of important messages—all within the same trusted network.

reports and take appropriate action.

Push to talk communication

The Push-to-Talk feature in SimpliGO DPP enables instant, walkie-talkie-style voice communication with your trusted contacts. With just a tap, users can speak and be heard in real time—no dialing, no delays. It's perfect for fast coordination during emergencies, whether checking in with family, giving team instructions, or connecting with first responders.

Audio video communication

The Audio/Video feature in SimpliGO DPP provides secure, face-to-face communication when it matters most. Whether you're guiding a loved one through an emergency, coordinating with a response team, or checking in on remote family members, real-time video and audio calls offer clarity, connection, and peace of mind—no matter where you are.

Disaster kit preparation

After an emergency, you may need to survive on your own for several days. Being prepared means having your own food, water and other supplies to last for several days. A disaster supplies kit is a collection of basic items your household may need in the event of an emergency.

Emergency checklist popover page

Experts recommend storing enough provisions to sustain everyone in your family — including pets — at least three days. Keep these items in a designated place where they're protected from damage and separate from things you use every day. Should you become separated from family members, use your communication plan. Letting family and friends know you are safe and well can bring them peace of mind.
