SimpliGO Disaster Preparedness Planner DPP

The area you live in may be susceptible to a variety of emergencies both natural and man made. Not only should we all be prepared and ready for these emergencies, but we should also know what to do before, during, and after an incident occurs. It is extremely important to also be aware of emergency plans that may already exist in your school, work, house of worship, or wherever you may be. The PHP Transport's technology group has created an easily-adaptable Disaster Preparedness Planning (DDP) mobile device app that will help you stay informed, have a plan, and get involved.

Desktop Progressive Web Applications

SimpliGO DPP DMN's Desktop PWA offers users the functionality of a traditional desktop app combined with the flexibility of a web-based platform. This option is particularly beneficial for businesses, nonprofits, and power users who require a more robust and detailed interface to manage their disaster preparedness and recovery workflows.

Mobile Phones: Always Accessible, Always Connected

Mobile phones are the cornerstone of SimpliGO DPP DMN's platform, offering unmatched convenience and accessibility. With its mobile-friendly design, SimpliGO DPP DMN ensures that users have the tools they need at their fingertips, whether they're preparing for a disaster or responding to an emergency.

Wearables: On-the-Go Alerts and Connectivity

Wearables, such as smartwatches, bring SimpliGO DPP DMN's essential features directly to the user's wrist, ensuring they stay informed and connected even when their hands are full or their phone is out of reach.

Tablets: Versatile and Portable Planning

Tablets offer the perfect balance between mobility and screen size, making them ideal for both personal and professional users of the SimpliGO DPP DMN platform. The larger display enhances usability while maintaining portability.

SimpliGO Disaster Preparedness Planner (DPP) powered by Google’s Firebase Brings Artificial Intelligence and Machine Learning to our collaborative community

DMN is powered by Firebase proprietary AI and machine learning technology. It is the intelligence behind the DMN Platform and the Digital Marketplace Network (DMN). Firebase proprietary AI is your constant-monitoring-learning DMN assistant, continuously identifying, monitoring, analyzing and resolving problems so you can focus on the important issues. DMN gathers information from across your entire marketplace ecosystem and analyzes and optimizes workflow processes and resolves issues. The capabilities include autonomous learning, recognizing text, labeling images, tracing data and much more. DMN works in the background and with users to constantly find and identify issues. DMN knows, learns and acts to keep your marketplace and your collaborative network running optimally.

Automated modular workflows

Use the powerful capabilities of Apple platforms to build apps that integrate seamlessly with enterprise systems to transform how your business works. Configure modules based on the needs of the marketplace participant using the DMN Platform. You can modify and build new custom intelligent apps to perform actions based on network analytics.

Apple Xcode platforms puts the cutting-edge technology of iOS, iPadOS, macOS, tvOS, and watchOS at your fingertips

Xcode Cloud is a continuous integration and delivery service built into Xcode and designed expressly for Apple developers. It accelerates the development and delivery of high-quality apps by bringing together cloud-based tools that help you build apps, run automated tests in parallel, deliver apps to testers, and view and manage user feedback. Configure workflows to suit your development process or use the built-in workflow to get started and customize it as your process evolves. You can build every committed code change and your whole team is instantly alerted if a change introduces any issues — potentially saving days of wasted time before the bug would be found by end users.

Android XR platforms puts the cutting-edge technology of Ladybug studio, Adaptable Apps, Wear OS, Android TV, and Android for Cars at your fingertips

The Android XR platform unlocks a world of cutting-edge technology by integrating Ladybug Studio, Adaptable Apps, WearOS, Android TV, and Android for Cars into a unified experience. These technologies enhance the capabilities of the SimpliGO Disaster Preparedness Planner (DPP) Digital Marketplace Network (DMN) app, delivering powerful tools for disaster readiness and recovery across a diverse range of Android devices. By leveraging the Android XR ecosystem, SimpliGO ensures that users can access critical features and resources, no matter where they are or what device they are using.

Login and Sign Up functionality pages

Firebase Authentication is used to verify the user identity and provide them with a personalized experience. The authentication with Firebase can happen using email password, phone number or using the identity provided by the third party like Google, Facebook, Twitter and Github.

Walk through functionality pages

SimpliGO Disaster Preparedness Planner app will guide first time users through a carousel-like walkthrough, presenting pages (images with text overlays), swipe gestures and Next/Skip Get Started buttons page controls.

Disaster kit preparation

After an emergency, you may need to survive on your own for several days. Being prepared means having your own food, water and other supplies to last for several days. A disaster supplies kit is a collection of basic items your household may need in the event of an emergency.

Emergency checklist popover page

Experts recommend storing enough provisions to sustain everyone in your family — including pets — at least three days. Keep these items in a designated place where they're protected from damage and separate from things you use every day. Should you become separated from family members, use your communication plan. Letting family and friends know you are safe and well can bring them peace of mind.

Emergency checklist: evacuations

- emergency supply kit
- cash and credit cards
- out of state contact list
- family photos
- important documents
- change of clothing
- personal hygiene
- medical needs
- baby needs
- pet care
